Persecuted Church Prayer, 12.21.2022:

Afghanistan- ruled by the wicked Taliban, bankrolled by Russian and China, abandoned by America. Nuff said. :(

North Korea- "the hermit kingdom". One of the most closed, isolated, persecuted, atheistic, and depressed nations on earth. They have been known to drive over heads of Christians to "clear their thinking/minds" with steamrollers publically.

Nigeria- over 6,000 believers are slaughtered here annually. Worst country on earth. Has the two of the earth's largest churches and yet, the highest amount of danger to Christians worldwide.

Pakistan- loads of women who convert are punished by being sold into prostitution to neighboring China, N. Korea, etc. They are also often forcibly raped and bullied back into Islam.

Mozambique- Over 1,000,000 have come to Christ since 1995, but 1,000's have been murdered for their faith, displaced, and tortured. I nearly was killed here by Muslim rebels in the bush back in 2012.

China- the world's largest church. Most believers will spend time in jail, blacklisted from good jobs, have their children and spouses separated from them, and face public ridicule and beatings.

Libya- Once a center of the faith in antiquity, this is one of the least "Christianized" nations on earth.

Saudi Arabia- Saudi Arabia- hard to get numbers on this nation since there are so few Christians left in it. Most are foreign workers- converts risk execution, expatriation, shunning by family, friends, spouses, loss of jobs, loss of property including homes, and torture and taxation by the

From Me to Everyone 06:45 AM

Yemen- this nation is currently facing some of the greatest humanitarian crisis on earth. War, famine, poverty, raids, burnings, etc. The tribal tribunals faced by new converts are legendary for their torture, tactics, and taunting.

Iran- Fastest growing church on earth. Lifespan of Christians is 6 years- to either be killed, imprisoned, or forced to flee the nation as refugees.

Syria- once a vibrant and thriving center of Christianity, not a sad and bleeding center of war, misery, and a breeding ground for extreme Islam terrorist groups; ISIS, etc. Recently even a video was published of militants playing soccer with executed Christian's heads. Christians are routinely raped, killed, and enslaved here. I will be ministering to some of their leaders, Pakistanis, Afghans, and Iranians while in Europe next week...

Somalia- called, "the Land God forgot." Many missionaries and Christians have been bombed, raped, enslaved, husbands killed, children taking into Muslim armies, etc. Some of the most brutal apostasy laws on earth.
